RIOTIOUS MINERS. Mob Takes Possession of an Austrian Town and Destroys Much Property.

VIENNA, June 21.-The striking miners at Kladno, Bohemia, engaged in a riot last night. The gend'armes fired on the rioters, killing two and wounding twelve. Further trouble is feared and three battalions of troops have been sent to the scene. Dispatches from Kludno report that rioting is still going on. The mob wrecked the municipal buildings and law courts and liberated a prisoner who had been arrested. The rioters then invaded the residence of the director of the mines. Some of the occupants were driven from the house, while others barricated themselves in a bedroom. The rioters finding it impossible to break down the barricade, set life to the house and departed. The occupants narrowly escaped. From the director's residence the mob proceeded to the house of the mayor, which they treated in a similar manner. Every shop in the town is closed and the inhabitants panic stricken.
